## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

The college follows the Program and Course outcomes defined by the affiliating university. The outcomes are mentioned by the Board of Studies for each specific program at the time of curriculum design and are followed by the college. The mechanism followed by the institution to communicate the Program and Course outcomes to the teachers and students is as follow: IQAC has appointed Librarian to disseminate POs, PSOs and COs. IQAC and the Librarian organizes meeting for all the teaching staff at the beginning of every academic year to discuss learning outcomes with students while discussing syllabus of the course. At the beginning of every academic year hard copies of syllabi and Learning Outcomes are provided by the librarian to each Head of the Department. Head of the department makes it mandatory for allthe teachers to discuss

and communicate the program outcomes to the students. The importance of the learning outcomes is communicated to the teachers in the departmental meeting at the beginning of the semesters. Learning outcomes are described to the first year students at the commencement of the program. At the beginning of a course along with the syllabus, students are made aware of the outcome of the course by the respective course teachers. The copy of the curriculum and Learning Outcomes of Program and Courses are also uploaded on the college website for reference. PO, PSOs and CO's are also displayed for students at every department.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The college offers UG, PG and Research programs. POs, PSOs and Cos are evaluated by the college and are attained through the attainment of course outcomes. The learning outcomes attainment is calculated by following method. Direct Method: Assessment tools used are University and Internal Examinations. Marks obtained are the basis for external assessment to record the attainment of course outcomes and average marks of internal written examinations. Evaluation of COs: Attainment level is calculated based on the attainment criteria decided at the college level. The tests are mapped against COs of respective course. The final attainment for each CO is calculated by taking average of the CO attainments from Internal Examinations. Indirect Method: Assessment tools used are student's progression and placements. The progression data is considered for indirect attainment. The data of placements of the graduates are mapped on the attainment of POs. Evaluation of COs: The CO attainment is calculated under indirect assessment. At the end of the programme, the data of placements is collected from the graduates and considered for the PO attainment. Placement committee takes the review of the Students' Progression to Higher Studies and their Placement.
