Rayat Shikshan Sanstha, Satara is one of the largest and leading educational institution, established by Late Padmabhushan Dr. Karmaveer Bhaurao Patil in 1919 with the motto "Education Through Self Help". It caters education mainly to downtrodden and economically weaker section of the society. It is spread over 14 districts in Maharashtra and one district of Karnataka. It has 676 branches including 42 senior colleges.

### The College

The College was established as Science College in June 1965 and it became full-fledged with the inception of Art's and Commerce streams in June 1971. Now it is a well-flourished institution imparting higher education leading to Bachelor and Master's Degrees in various faculties. It has been renamed as Shri Sadguru Gangageer Maharaj Science, Gautam Arts and Sanjivani Commerce College, from 2<sup>nd</sup> October 1976.

The college is committed to uplift the poor and rural students considering constraints shown by the rural students. The college authorities' takes almost cares and makes every possible effort for the academic standard of rural students. The college organizes proper and moderate extra mural activities to seek all round development of the students. The college has well qualified staff, good location, spacious premises and huge building, enriched library, fascinating Gymkhana, boy's hostel, girls hostel, computer training center, management courses building and Botanical garden.

### The Department

Department of Chemistry is an oldest Science Department of the S.S.G.M. College Kopergaon started since 1962 and sponsored by DST-FIST. Department imparts under graduate and post - graduate teaching in Organic and Analytical Chemistry. We have also nearly 562 UG and PG Students seeking to graduate and Post-graduate in chemistry. This seminar we will highlight new trends of this subject/area, to the young researchers, student & institutes of our country.

Analytical science encompasses field of Pharmacy, Food technology, geology, agriculture, environment, nuclear, catalyst, polymers, sensors, biotechnology and medicine. In recent year the greatest challenge has come from nano sciences which has thrown open a host of analytical avenues for the development of new generation devices born out of nano-technology. The Seminar intends to attract papers dealing with recent trends in the field of analytical sciences. This will provide and in - depth analysis of subjects and updates the knowledge of the participants.

### Target to be achieved

- Bio Sensor
- Nano-analytics
- Bio -analytical techniques
- Chromatography
- Spectroscopic techniques
- Novel technology
- Radio analytical techniques
- Analysis of pharmaceuticals and herbal medicine
- Analytical Methods and Quality Control

### Registration Fees

Scientists/ Teachers - Rs. 250/-  
Research students - Rs. 150/-  
Registration fees include participation in scientific session, conference kit, breakfast and lunch.

### Spot Registration

Spot Registration will be available on the date of seminar from 9.00 am.
