## **POLICY ON USE OF SPORTS INFRASTRUCTURE FOR COMMUNITY HEALTH**

The college has a very good sports infrastructure and facilities. People living near college campus use playground for morning and evening walk. Army and police service aspirants are regularly using college playground for practice of physical examination. Some educational institutes have requested for organizing sports competitions while others for sports equipments. Thus people have requested for use of playground and other sports facilities. Hence Internal Quality Assurance Cell has decided to allow the use of sports facilities with consent from college development committee. It was decided to frame a policy for community health. The policy is as follows-

- After receiving the request letter from any educational institute and police department recruitment training academy the committee should give the permission to use playground.
- The youngsters preparing for police department and army recruitment should be allowed to use playground even on verbal request.
- The senior citizens from nearby residential area should be allowed to use playground for morning and evening walk on their verbal request.
- The use of volley ball ground should be allowed to players with some conditions.
- The entry register of playground users should be maintained regularly.
- The stakeholders should be made aware of maintaining the discipline while using the facility.
- They should be made aware of maintaining the cleanliness in campus.
- The people who do not follow our instructions should not be allowed in college premises.
- If any educational institute requests for sports equipment then we should provide it to them after the assurance of non-damage return.
- The feedback should be taken from the users.

- After analysing the feedback received from stakeholders, the committee should request the college authority to take the necessary action.
- The yoga and other exercises as well as nutritional guidance should be made available for senior citizens for their better health.
- The physiotherapy guidance should be made available for senior citizens to get relief from minor pains like joint pain, back pain etc.
- The workshops on physiotherapy, yoga and squat workout should be organized for senior citizens.
- Timely care should be taken by committee to avoid the damage of playground.
- The regular cleaning of playground should be done regularly.
- The proper lighting should be made available on playground.
- The sports facility should be provided at free of cost.
- The guest lectures of candidates selected in army or police department should be organized by competitive examination centre.
