The trade and commerce is rapidly increased due to Liberalization, Globalization and Privatization. This requires more number of commerce graduates and also commerce professionals like Chartered Accountants (C.A), Company Secretaries, Cost Accountants, MBA Graduates. Our commerce professionals have a good demand in the world as financial advisors, consultants and auditors.

The commerce laboratory is a new concept, where in students practice their theoretical knowledge gained in classroom. In addition student carries on more and more experiments. Mock commerce and business activities are undertaken in laboratory. Besides creating an interest in students, the labs also help in developing entrepreneurial capabilities and personality development.

One of the major objectives of a commerce lab is the introduction to the various instruments and documents use daily in commerce based application and services such as:

- Banking Forms
- E- Commerce related document
- Auditing & Taxation
- Stock Exchange
- Insurance
