UNITY AND DICIPLINE

THE NATIONAL CADET CORPS

01. History

The history of nation is made not by the atomic weapons it possesses, the warships it sails or the jet planes and missiles it flies but by the men who made these machines. This human material consists of boys and girls of a past age who have grown in to men and women of the present. The proper training of youth is therefore of the present importance in the future. **Youth is the Cream of Society and thus the Real Wealth of the Nation.** It is on their quality that the greatness of a nation depends, because the **'Youth of Today are to be the Leaders of tomorrow.** Therefore, a well planned youth movement is of a paramount importance and a matter of foremost concern to the leaders and educationalists of our country. Also since the advent of independence there was a great public demand that military training should be given to the youth of the country both in the **National Interest** and for **Molding the Character** of our young men and women on right lines.

With a view of serving as a foundation to the Indian Territorial Force and also to provide potential officer's material to the Armed Forces, the University Officers' Training Corps (UOTC) was instituted in 1925. The Indian Armed Force was instituted in strength to nearly three million during the II World War and ever during the war it was found that the UOTC had failed in its objective. This experience too, brought to the forefront the idea of some schemes which to train and equip a large number of younger people who could in time of emergency successfully fulfill officers' jobs.

The National Cadets Corps Committee constituted in 1946 under the chairmanship of Pandit. H. N. Kunzru, investigated the case of failure of UOTC. Again a committee was appointed to reconsider the whole problem and to make the recommendation forces the establishment on a national basis of a cadet origination in both schools and universities. The committee submitted a report in March 1947.

The National Cadets Corps Act received the assent of the Governor General on the 16th April 1948, and was published in the Gazette of India Extraordinary Part IV dated the 16th April 1948.

Prior to the declaration of the emergency an NCC Evaluation Committee under the chairmanship of Dr. G. S. Mahajani had been formed in evaluate the work of the NCC programme with particular reference towards making it a more effective origination.

A major recommendation of the Evaluation Committee report accepted by the Government says that NCC should lay greater stress on developing qualities of leadership among the cadets and also inculcating in them a spirit of sportsmanship.

2. AIMS OF NCC

- ✍ To develop qualities of Character, Courage, Comradeship, Discipline, Leadership, Secular Outlook, Spirit Of Adventure and Sportsmanship and Ideal of Selfless Services among the youth to make them useful citizens.
- ✍ To create, human resources organized, trained, and motivated youth, to provide in all walks of life, including in Armed Forces and always available for the Services of the Nations.

3. DG'S FOUR CARDINALS OF DISCIPLINE

- ✍ Obey with a smile
- ✍ Be Punctual
- ✍ Work hard without fuss
- ✍ Make no excuses and tell no lies
