

## Canteen

Our College has spacious canteen facility in the college premises. An area consisting of a food preparation and production area, ware washing area, serving area and dining area outside the preparation room along with table and chairs. A variety of Refreshments are available at the college canteen at affordable rates with highest quality. The Canteen Committee in consultation with the Principal will decide any change in prices. Adequate seating facilities are provided to accommodate students and staff even during peak time. We provide our students with an excellent canteen, modern & hygienic. The dishes prepared here are delicious and nutritious as well. A good variety of food is available in the canteen which our students and staff relish during break-intervals.

It tends to be the most popular place on campus not only for physical refreshment but also for student bonding, discussions and even work on assignments and projects. The canteen is a favourite hangout for students where they can take a break and come back to class with a healthy mind. A place exemplifying national integration and communal harmony, the canteen is a place which not only appeals to the gustatory instinct of the students, but also a place where an informal assembly of students generates ideas for social projects and College festivals.
